Keeping the Promise

Now more than ever, we know the importance of protection in every healthcare setting. When you're working to ensure safety, our single-use products offer a quality, cost-effective solution that eliminates the risk of cross-contamination. Because when every moment between a provider and a patient is safe and comfortable, the best care is possible. That's why protection is our promise.

Exam Supplies

When it comes to patient procedures, providing a sense of ease and minimizing cross-contamination is key. Our exam supplies are made to swap out safely and simply between patients and ensure clean surfaces in the exam area.

Bibs

A high level of comfort and protection available in a variety of colors. Patient Bibs use a 2-ply tissue/poly material for fluid resistance, while the Extra-Gard® options are bonded 3-ply, poly for extra strength.

Code	Item	Description	Color	Size	Pack
70960N	Patient Bib - Over-The-Head	Tissue/Poly	White	19.5" x 28"	100/BG; 5BG/CS

70354N	Pillowcase	Nonwoven	White	21" x 27.75"	100/CS

Did You Know?

Our Tissue Poly Sheets are made in the US, and provide a full barrier layer to protect equipment. Single use blankets and sheets help to prevent linen loss in facilities and save on laundry costs.

Sheets & FlexDrapes®

Every 2-Ply and 3-Ply Tissue Sheet option has multiple tissue layers bonded into one for maximum softness and absorbency. The Tissue/Poly sheets offer additional protection and strength with the poly layer's fluid barrier. For a super soft, nonwoven option that can be used as a fluid-resistant, warm and breathable top or bottom sheet, we have FlexDrapes®. Our SnugFit® Sheets are specialty-fitted stretcher sheets that protect equipment and ensure patient comfort.

MEGA MOVER®
portable transport unit

56307

66563

Available with PowerGrips®

81707

81644

**MEGAMOVER®
THE ORIGINAL**

Compact, cost-effective and portable, this transport unit is ideal for transporting or rescuing patients from areas inaccessible to stretchers.

Transfer up to 1,000 lbs. with 14 handles (available with standard or PowerGrips®).

MEGAMOVER® PLUS

Compact, cost-effective and portable, this transport unit is ideal for transporting or rescuing patients from areas inaccessible to stretchers. With backboard pocket that accepts standard backboards.

Transfer up to 1,000 lbs. with 14 handles (available with standard or PowerGrips®).

MEGAMOVER® 350i HEAVY-DUTY BARRIER SHEET

Made of ultra-durable nonwoven/poly, this flat sheet acts as a fluid barrier.

Transfer up to 350 lbs. Use under patient to protect equipment. Use over patient for cover.

**MEGAMOVER®
TRANSPORT CHAIR**

Made strong and durable, this single-use transport chair is ideal for use in limited space and when patients need to be in a seated position.

Transfer up to 350 lbs. with 8 handles. Weighs only 10 oz. and is compact enough to roll to the size of a water bottle.

MEGAMOVER® TACTICAL

Lightweight yet durable, ideal for use in tactical active shooter events.

Transfer up to 500 lbs. with patient loading from either direction. Weighs 1.3 lbs., easy to carry for 1 or 2 responders. Strap with buckle secures patient and straps on top and bottom allow for dragging from either end.

Gray color provides decreased visibility where security is vital.

**MEGAMOVER®
DISASTER RESPONSE**

Portable, lightweight and durable. Ideal for disaster evacuation events.

Transfer up to 500 lbs. with 10 handles.

Weighs 2 lbs. and is easy to carry with printed "Head" and "Foot" placement guides for improved efficiency under pressure.

Works for 2 to 8 responders and offers underarm strap with buckle to secure patient.

Emergency Medical Services

First Responders need products they can rely on when they're put into action. The Graham portfolio of products is compact, durable and easy to use, with thoughtful features to help when time is of the essence.

36647
